## Senior Spotlight: Brittany Schlomer

On March 7, 1988, Michael and Becky Schlomer were blessed with a baby girl named Brittany Jane Schlomer. All of her friends gave her the nickname Fritter. Brittany has a sister Ashley, 15, and a brother Jon, 13. The Schlomer family have always lived on a farm outside of Glenham and attended Selby Area School. After graduation, Brittany plans to attend an out of state college and pursue a career in the medical field. Britt's favorite food is pizza. When watching movies, she prefers to watch the classic, American Wedding. The

class Britt loves the most is Biology 2 because she loves dealing with criminalistics.

When Brittany is at home or with her friends, she loves playing card games of all kinds. Of all the sports she plays, her favorites are volleyball and softball. During her free time, Britt loves spending time with friends, watching TV, and shopping. A band she'd love to see in concert is Bowling for Soup. One thing she dislikes about others is when people talk behind your back. When asked what she dislikes about herself, she replied, "I'm too much of a perfectionist." A pet peeve of hers is when people chew with their mouth open. Brittany is deathly afraid of spiders and the dark. Her favorite athlete, of course, is Nick Punto of the Minnesota Twins.

Some of Brittany's many accomplishments are being on the honor roll and being a part of the National Honor's Society. One of her favorite

memories of school was mopping the floor for the concession stands during her junior year. Her athletic moment was getting 2nd at State Softball and going to state in volleyball and basketball. A sad time during her life was her great grandma's funeral. A scary time for her was when she threw water on the electric stove because the pizza was on fire. Brittany's goals for the future are to start a family and get a good job in the medical field.

People she admires most are her parents because they are always there for her. Brittany's all time favorite Super Hero is the Ninja Turtles because she thinks they're hilarious. Brittany's advice to the underclassmen is "Don't let the drama that goes on during high school ruin friendships. When everyone gets along, life is much more fun!"

## Selby Area Lions Win Against Hoven-Edmunds Central

On January 5, 2006 the Selby Area Lions Varsity rolled through Hoven-EC. Austin Simons led the team with 19 points, followed close by Dane Thorstenson with 17 points and then Drew Berens and Wyatt Nash-Keller came in with 9 points a piece.

It was a close game until the second half when the Lions rallied behind their seniors and plowed down the court to take the Hoven-EC for a 56-39 win. After their big guy fouled out they had no chance against our down low power.

This is a brick in the road to the state tournament. We brought up our team

percentages to 42% for 2-points, 30% for 3-points, and 43% for free throws. The JV team also won by a 3 point cushion with the final score 22-19.

The team was led by a captain in training Logan Frank with a good ten points. Followed by Austin Konold with 4 points, and Zach Starks, Austin Huber, David Hughes, and Clint Huber all with 2 points.

The Junior High even won their game with a final score of an amazing 42 points against the Hoven-EC inferior score 26. That is a big win for our young kids.
